

The Adventures of...

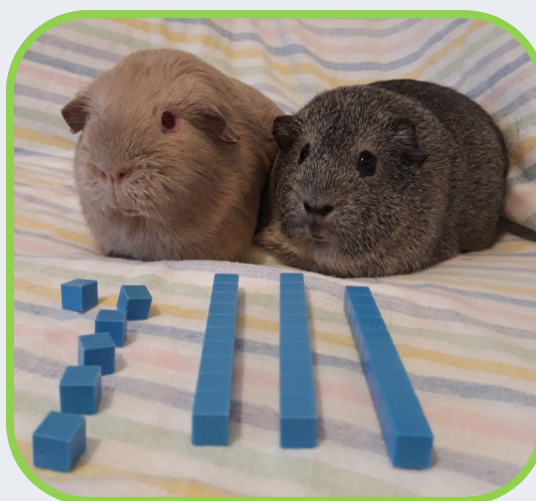

Peggy and Bertie Blackwell

Episode 10

Science

Purple Class have been learning about waterproof materials. We have too! Miss Kuriger was at school when the thunderstorm came...and we were in the garden! Thankfully, we had some waterproof houses to hide in so no soggy pigs here.

Numeracy

We are getting quite good at maths now. But we still prefer celery sticks to tens sticks.

History

I had great fun making a Stonehenge model from carrots!...and even more fun eating it.

Social Skills

We have been playing this game to get better at taking turns. It was good fun and Peggy only chewed one of the cards.

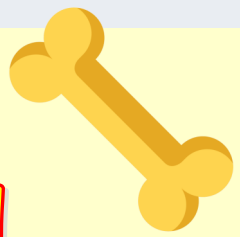

Healthy Living

Miss Kuriger decided I needed a hairbrush. It was actually quite relaxing. Thank goodness I don't have long hair though. Jasmine, one of Miss Kuriger's other guineas, looks like a wig.

Here is Jasmine looking like a wig. She has had 3 lockdown haircuts.

The Adventures of... Hetty Blackwell

Episode 10

Newsflash!

The 'lockdown locks' have gone!

This was my 'sheep dog' look :

- nice and toasty warm (but boiling when sunbathing)
- good at gathering leaves

Look at me now! I walked up to the happy gate to show Mrs Moss my new style. She wondered whether I had been swapped. It is great to be able to see where I am going again but it is a little chilly!

I think I might be able to get a job as a model, maybe advertising shampoo or something. I can swish my hair just like they do on the adverts.
