## for Blackwell First School

Year 4s debating in Science

Blackwell First School,  
St. Catherine's Rd.,  
Blackwell,  
Near Bromsgrove,  
Worcestershire.  
B60 1BN  
November 2021

Dear Families,

Thank you all for your support this term. Remaining open and being able to provide the children with on site learning has been our primary goal. Thank you to families who routinely carry out LFDs with your children which has reduced the spread of COVID in school and we encourage you to continue with this. For those children who have had COVID and have been using the remote learning, thank you and well done for keeping going. We know it is not always easy.

A few weeks ago, Mrs Webb led a Parent Meeting for Red Class parents to help families develop an understanding of how we teach children basic reading, writing and maths skills. It is useful to know not only what is being taught but also how we teach it and then you are more able to support the children at home. Little and often with practise at home is best. Working with us to help the children make more progress is very helpful. This is how you can support your child:

- **Hear your child read as much as possible** and help the children to point to words themselves and blend letter sounds together as well as recognise the sight words they are learning in the ebooks (Red, Green and some Purple children) as well as real books (all classes from Red Class onwards). If you have lost your ebook PIN, please email Mrs Garner in the office;
- **Read your child bedtime stories** (sent home each week) to help develop their language and also explain vocabulary to them;
- **Speak in sentences** and encourage your children to do as well. At this age they will be using incorrect grammar as part of their development. It is a good idea for you to repeat their sentences modelling the correct way to speak so that they don't get into bad habits. Children at this age often add -ed to the end of verbs for past tense for verbs that don't need them, e.g. 'We runned down the road.' Repeat it correctly saying, 'You ran down the road.';
- In Maths, it is important that mummies help with maths as much as daddies (and the opposite is true in reading) as otherwise we send out messages that reading is for girls and maths for boys which causes problems for children over time;
- Help children to count both forwards and backwards in ones, and from any number, e.g. 3,4,5,6,7 etc (Red and Green Classes);
- Help children to **develop a real understanding of the numbers to 10**, showing you how to make 5 using 4+1, 3+2, 5+0 etc. (using their fingers or counters). It is important that children use models and images to help them understand their maths all the way through to the end of Year 4;
- **Year 2 onwards learn multiplication tables by heart**, use the language of multiply, e.g.  $6 \times 5 = 6$  multiplied by 5 (next year in Year 4 there will be a national multiplication test made up almost entirely of 6,7,8,9,11,12 tables with 6 seconds to answer each calculation. We piloted this during the past two years and it was extremely challenging. Please practise!)
- **Play board games like 'Snakes and Ladders'** to help develop their understanding of place value (the value of two digit numbers) and
- When talking about two digit numbers, make sure that you clarify that 56 is made up of the digits 5 and 6, but also explain that the 5 represents 5 tens or 50.

### COLLECTIVE WORSHIP

We have been focusing on our United Nations Universal Values themes for Collective Worship. Helping the children learn how to behave in order to show good manners, respect and tolerance is part of this work. As we move towards Christmas, we will consider 'Advent - a time for waiting and preparing' and encourage the children to develop patience.

**Reading at Blackwell-** Reading is key to ensuring that the children can access all learning and so we are working hard to ensure that the children develop strong reading skills. We do this by teaching reading in English lessons, ensuring that the children read everyday as a class or in groups. Children also read three times each week until they are fluent, when they begin to develop their ability to read publicly (performance reading). The children are also expected to read in every lesson throughout the day in order to apply their skills to other subjects. Children also receive work on learning key words, developing their phonic understanding and reading a wide range of text types (non-fiction, stories and poetry). We encourage the children to read at home as much as possible, both with you, on their own and also to listen to you reading them stories as this helps broaden their vocabulary and develop their comprehension skills of texts that are too complex for them to read themselves. Please see the link to our Little Wandle Phonic Programme for additional information to help parents in Red and Green Classes.

### esafety

Please remember to keep the children safe online by monitoring what they access on line and avoiding them using devices out of your eyesight. Social media sites should not be accessed by children of first school age.

**SCHOOL SPORT** - Through our work with the All Active Academy, (through South Bromsgrove and Chadsgrove schools), we have been fortunate to access Change for Life clubs and remote or internal competitive events for all year groups. The Government strategy to increase the hours children spend being physically active has been embraced by these clubs and events.

**ARTS** - Mrs Cutler, our music specialist teacher, has been training staff over the last year to use the Kodaly method to teach music and particularly singing. This supports the children's ability to pitch more accurately when they sing and forms the foundations of a good understanding of how musical notation works. At Christmas, you will notice that the younger children in Nursery and Red Class will be using actions and Kodaly songs as part of the Nativity Play.

**SPELLING** - For many children, spelling can be the barrier to reaching a good level of writing. Children's ability to spell accurately has appeared to decline and research is limited on why this is. One theory is that as children are required to memorise less (because there is instant access to information through technology) they are finding memorising increasingly challenging. Thinking back to our childhoods, many of us knew many people's phone numbers, whereas now they are stored in our phones rather than our brains! To help at home, please:  
-practice spelling key words from lists sent home with reports and  
-play with shapes, mnemonics, looking and covering up.

SCHOOL GAMES

### Dates for Autumn/ Spring term

3.12.21 'Wonderful Words' Reading event. Children **may** (but don't have to) come to school dressed up as a character from a Roald Dahl book. No special costumes are required, the children could pull on a dress or nightie and be Sophie from BFG or trousers and a shirt and be Danny Champion of the World or Charlie Bucket.

8.12.21 Christmas Concert filming day- please order your online access codes!

13.12.21 Christmas Storynight (children only) 5.30-7pm. Please see PFTA flyer. The children come in pyjamas and experience a visit and gift from Father Christmas, stories in the dark and a special photograph of them with Father Christmas.

16.12.21 Christmas Lunch – please order as part of your routine school lunch order

17.12.21 Panto (on site for all except Nursery) and Party Day- children may wear own clothes and remember sensible shoes and an outdoor coat are still required. (Many thanks to the PFTA for funding this)

17.12.21 School closes for children

4.1.22 Training day for staff

5.1.22 School opens for children

17.1.22 7pm PFTA meeting- virtual

17.2.22 School closes for children

18.2.22 Training day for staff

21-25.2.22 Half Term

28.2.22 School opens for children

### Requesting leave in term time

The DfE and WCC policy is that family holidays should not be taken in school term time as it disrupts a child's learning, therefore we are unable to authorise **any** holiday absence. Pupils are not normally granted leave of absence except in exceptional circumstances in line with DfE guidance. These unauthorised absences may be subject to a holiday penalty notice fine by WCC. A copy of the guidance is available from the school office or it may be accessed through WCC's website.

The children are always learning in school. Here they are engaged in various activities.

- Year 4s are using concrete equipment to develop their understanding of place value
- Year 4s are playing a game in Art to learn about famous artists.
- Year 3s are using the ipad in computing and working collaboratively.
- Nursery are lighting a fire in Forest School with Mrs Allen.

Every moment is a learning moment here at BFS.

### End of term

Before too long our 'Festive Season' starts in school. This is a special time and on December 6<sup>th</sup> the children will start to learn about Christmas in school. Christmas is taught in the context of RE alongside other festivals celebrated by some of the world's major religions.

The highlight of the school season will be the Nativity and Christmas film, which you will be able to view with your families at home via an access code. The children will also make calendars and Christmas cards for you and always look forward to bringing them home for you to admire.

Christmas lunch day, the PANTO (funded by the PFTA) and the very special 'STORYNIGHT' will end the season in school before you all celebrate at home over the holidays.

Despite restrictions preventing us from having a Christmas Fair or in person Christmas plays, we will make this time special for the children in school.

Mrs A Moss (Headteacher)
